

Key vocabulary	
Life-cycle	Different stages that living things go through eg birth, baby, child, teenager, adult
Frightened	To feel worry or fear
Private Body Parts (parts covered by your pants): vagina, vulva, penis, testicles, anus	

Learning intentions
Please teach me to...
Accept and understand that change is a natural part of getting older.
Identify the male and female private body parts.
Know that there are correct names for private body parts and nicknames
Suggest ways to manage change and know who to talk to if I feel worried or frightened.

Reflective questions
Ask me this...
What is a life cycle?
What is the best thing about being your age right now?
How will you change as you grow up?
What parts of your body are private?
Who can you talk to if you feel worried or frightened?
