

Key Vocabulary	
<b>Change</b>	To become different
<b>Memory</b>	To remember a person or an event
<b>Body parts:</b> eye, eyebrow, forehead, ear, mouth, nose, tongue, finger, arm, leg, chest, knee, hand, stomach, toe	

Learning intentions
Please teach me to...
Learn the names and functions of some body parts.
Know that I grow from a baby into an adult
Identify happy memories from my past.
Recognise that changing class can make you feel different emotions eg happy/sad/worried.

Reflective questions
Ask me this...
What can you do now that you couldn't do as a baby?
Can you name 5 parts of your body? How have they changed since you were a baby?
What memory do you have about your life before starting school?
How do you feel about going into Year 1?
