All children to be in school 8.45 - 12.00.

Our aim is to get the children in full-time as quickly as possible, however our experience with this crucial transition time is to take it slowly to ensure that the children are settled and feel safe and secure in the school environment. Transition to full-time school will be discussed on an individual basis and will be dependent on how each child has settled. Typically, we lengthen the time the children are at school by them staying for lunch and then moving to a full school day.
