

Foundation Subjects in Year Two

At Dovers Green, we feel that we are privileged to have such an exciting environment that supports the children's love of learning and want to ensure that all subjects are given equal value and time throughout the school year.

Please find below the timetable for this half term, showing which foundation subjects are being taught and the basic content of these lessons. We are hoping that by producing this for you, it will help to support your discussions at home and enhance your child's learning.
