

Dovers Green School School Sports Premium

What is Sports Premium Funding?

The government is providing £150 million of Sport Premium funding per annum ring fenced for the 2016-2017, 2017-2018, 2018-2019 and 2019-2020 academic years to support delivery of PE and sport in primary schools.

- ✚ As of September 2017 we received £17,890.
- ✚ The funding is ring fenced and was surveyed by OFSTED at the end of the first year.
- ✚ All schools are required to report how they are using this funding on their website.
- ✚ Schools should consider whether use of the premium is giving pupils the opportunity to develop a healthy, active lifestyle.

Purpose of Funding

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sports already offered and make improvements now that will benefit pupils joining the school in future years. However, they will have the freedom to choose how they do this.

Possible uses for the funding include:

- ✚ new or additional sports clubs;
- ✚ supporting professional development opportunities in PE, sport, activity and health;
- ✚ providing cover to release teachers for professional development in PE or sport;
- ✚ running sport competitions, or increasing participation in the school games;
- ✚ buying resources or materials for PE and sport;
- ✚ providing places for pupils in after school sports clubs;
- ✚ providing opportunities to encourage a healthy, active lifestyle.

How the Funding Can Help

- ✚ Participation in PE and sport can improve a huge range of positive attitudes, attributes and skills.
- ✚ Participation in PE and sport will improve skill and health/well-being outcomes which with support transfer into measureable school achievement outcomes.
- ✚ PE and sport can also help to shape behaviour, reduce truancy, promote inclusion and cohesion.
- ✚ Improve professional confidence amongst staff in the delivery of high quality PE lessons and physical activity across the school as we feel that this is the most effective and efficient way for the funding to have a long lasting and positive effect on future learning and physical development of children within our school.
- ✚ Replace and improve resources and provide additional opportunities to promote PE, sport, activity and health.

2017-2018

Key indicator 1: The engagement of all pupils in regular physical activity - Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school

Priority	Cost	Aims	Impact
To continue to employ a Sports Activity Leader to plan and deliver structured lunchtime sports activities.	£2100	To engage the children in a variety of different games and PE activities every lunchtime.	Increased the value of children's play experience by supporting collaboration, and social skills through a varied choice of activities. Helped children understand the importance of needing rules to make games fair and enjoyable for all.
To replace and improve PE and sports resources for KS1 and Early Years Foundation Stage.	£1500	Digital Skipping ropes and bags	Children have learnt to skip and hand eye coordination has improved through skipping ropes and developed fitness through 10 min daily skipping sessions.

2017-2018

Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement

To replace and improve PE and sports resources for KS1 and Early Years Foundation Stage.	£4319	Imagination playground equipment	Children have been challenged to develop their confidence in creating their own obstacle courses. Using their gross motor skills and balance to build and create. Working as team is promoted.
	£1000 (est) £350	Planned - indoor athletic equipment The Power of PE scheme of work IMoves PE scheme of work	Children are having varied and exciting PE lessons which marry up with the topics they are learning in class. The IMoves package was bought in specifically to teach the children Pilates. Children are now receiving weekly Pilates sessions.
