

## As scientists we will be...

- learning about grouping animals by what they eat (carnivore, herbivore, omnivore).
- learning about our senses.
- observing signs of seasonal change.
- investigating by asking questions and learning to understand that they can be answered in different ways.

## As writers we will be....

- learning to write instructions thinking about how to present our writing.
- learning to write poems.

## As religious experts we will be...

- looking at different celebrations and festivals e.g. Christmas, Diwali.
- finding out what Christians believe God is like.
- beginning to share our thoughts and ideas about religious beliefs.

## As mathematicians we will be...

- learning about the place value of number within 20.
- learning to add and subtract within 20 using concrete apparatus.
- learning to identify different 2D and 3D shapes.

## Magical Me Autumn 2

## As artists we will be...

- drawing our class tree.
- looking at artwork by Axel Scheffler and recreating it.

## As design and technology experts we will be...

- creating our own pop-up Christmas cards.

## As historians we will be...

- looking at objects and discussing if they are old or new.
- sequencing objects by ordering them from oldest to newest.

## As athletes we will be...

- learning the skills to play football.
- using the equipment to practice our balancing and travelling in gymnastics.

## As musicians we will be...

- using body percussion and instruments to maintain a steady beat.
- respond to the pulse in music we are listening to.
- creating musical sound effects using classroom instruments.

## As computing experts we will be...

- learning how to stay safe online.
- exploring different programmable toys.

## As geographers we will be...

- using locational and directional language (e.g. near and far; left and right) to describe where things are.
- describing seasonal weather changes.
